

Steal cheese from cats

Number of players: 3 to 5 players Game round time limit: 10 minutes

Contents: Cat cards: 6 cards each, 4 types of cards

Cheese cards: 6 cards each, 4 types of cards

1 What kind of game is it?

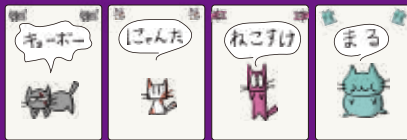

Become a mouse and steal cheese cats have gathered! Let's see which cat has the cheese? If another mouse targets the same cat, the cat will become aware of you so be careful! The mouse that collects the most cheese wins!

2 Preparation of the game

Card Decks

Line up the cat cards!

Four cards per player

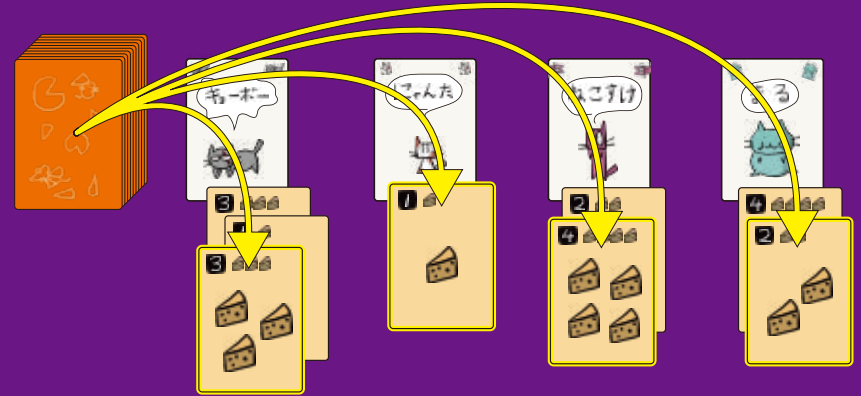

Shuffle the cheese cards well and then place all the cards together.

Place one of each of the 4 white cat cards within arm's reach.

Once everyone has the cards they need for their hand, the game is ready.

3 Here's the cheese the cat has!

Turn over the cheese cards from the deck to the cat cards on the table and put one on each card.

Place a card on each cat card!

4 Which cat would you like to steal it from?

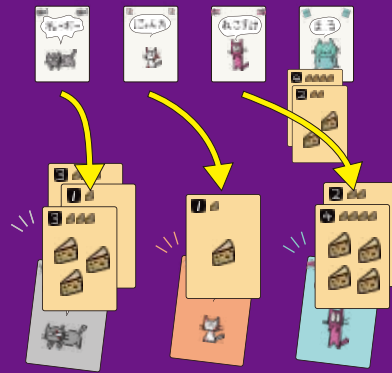

Which cat has the most cheese cards? When a player decides which cat to steal from, the player places the targeted cat card and the same card with their back sides facing up.

5 Now trying to steal the cheese!

Next time you attempt to steal the cards, set down the cheese cards from the card pile on the cat cards.

The cat that target if you do not have the person that issued the same cat card, **you can steal all the cheese cards!**

Is aware of the cat people that issued the same cat card became to, **you unfortunately fail!**

You can put the cat card back into your hand and use it again. The game ends when you steal the card in the sixth round when the deck runs out.

6 The end of the game.

Everyone adds up the numbers on the cheese cards they stole. The one with the highest number added from each cheese card wins! If there is a tie for the total number added from the cheese card numbers, then the player with the highest total amount of cards wins.
